

**Computing Science Examination  
Spring Semester 2017**

**CSCU9V4: Systems**

**Thursday 4 May 2017**

**14:00 – 16:00 hours**

This paper contains three questions.

**SECTION A:** Two (2) questions (20 marks each).

**SECTION B:** One question (10 marks) of greater difficulty than those in Section A. This question is required for full marks.  
*Attempt this question only after completing Section A.*

The distribution of marks among the parts of each question is indicated.

**IMPORTANT NOTE**

**Read the instructions on the front of each answer book carefully.**

**It is essential that you write your student number on the front of each answer book.**

**Also, when you have completed the examination, the number of answer books that you have used must be prominently written on the front of one book.**
